JUDY ZODDA PARTICIPATES IN COLLEGE WEEK LIVE

November 9, 2009, Framingham, MA --- Judy Zodda, of Zodda College Services, was among a group of college counselors, Admissions Officers and college students who participated in College Week Live on November 5, 2009.

Students from all over the United States and the world participated in this virtual college fair. Judy fielded questions that ranged from the importance of the SAT and other standardized tests, and the college essay, to disclosing illnesses and other bumps in the road in their college applications, and to applying to college for a degree in nursing. One person inquired about returning to college after a 9 year hiatus and a student from India requested information about engineering colleges in the United States.

“This was a fabulously rewarding event because it gave me the chance to help students who might not otherwise have access to a college counselor. The virtual fair was an example of technology at its best,” stated Zodda.
